Warrant for Town Meeting

(L. S.) STATE OF NEW HAMPSHIRE

To the inhabitants of the town of Canaan, qualified to vote in town affairs:

You are hereby notified to meet at the town house in said town, on the ninth day of March next at 10 of the clock in the forenoon, to act upon the following subjects:

Article 1. To choose all necessary town officers.

Art. 2. To see what action the town will take in regard to the compensation of the collector of taxes, and the limitation of time of settlement with the town.

Art. 3. To see if the town will vote to apply for state and federal aid for trunk line construction.

Art. 4. To see if the town will vote to accept the provisions of chapter 117, laws of 1917, on a section of the Mascoma road, so called, and appropriate the sum of \$400. for this purpose.

Art. 5. To see if the town will vote to raise such sums of money as may be necessary to defray town expenses, including maintenance of the poor; salaries and expenses of the town officers; expenses of the municipal court; police department, health department, forest fire department, highway department, cemeteries, including cost of driving hearse, and all other necessary expenses.

Art. 6. To see if the town will vote to raise the sum of \$2445 for trunk line maintenance.

Art. 7. To see if the town will vote to raise the sum of \$961 for the maintenance of existing State highways.

Art. 8. To see if the town will vote to raise the sum of \$150 in addition to the sum required to be raised by law for the public library.

Art. 9. Pursuant to a petition of ten or more legal voters, to see if the town will vote to raise the sum of \$500

to be expended under the direction of the Verne H. Weld Post in the erection of a Memorial to our boys who took part in the World War.

Art. 10. Pursuant to a petition of ten or more legal voters, to see if the town will vote to abolish the Municipal Court.

Art. 11. To see if the town will vote to accept the sum of \$200 as a trust fund from Oscar L. Rand, the interest to be used as far as needed for perpetual care of the said Rand's lot in the Wells cemetery and the balance of said interest to be used in the care of said cemetery.

Art. 12. To see if the town will vote to raise a sum of money, to be used in addition to a sum appropriated by State and Federal Government, for the purpose of controlling the White Pine Blister Rust.

Art. 13. To see if the town will vote to raise the sum of \$4000 for the completion of the new bridge at West Canaan.

Art. 14. To see if the town will vote to buy two snow rollers and appropriate money for the same.

Art. 15. To hear the reports of agents, auditors, committees or officers heretofore chosen and pass any vote relating thereto.

Given under our hands and seals this 23d day of February, 1920.

We certify that the above is a correct transcript of the footing of each column of taxable property, the amount of taxes levied and the rate of taxation in the town of Canaan for the year 1919, as made and returned to the State Tax Commission.

Respectfully submitted,

F. B. SMART,	}	Selectmen
E. A. SHEPARD,		of
PAUL M. KELLEY,		Canaan.

Canaan, N. H., February 12, 1920.

We, the undersigned, auditors of said Canaan, have examined the accounts of the Treasurer, Selectmen, Overseer of the Poor, Tax Collector, Highway Agents, Trustees of the Town Library, and Trustees of Trust Funds for the year ending January 31, 1920, and find them correctly cast and properly vouched.

H. A. BARNEY,	}	Auditors.
H. G. ROBIE,

F. A. DOTEN, } Auditors

Report of the Superintendent of Schools

Canaan, N. H., Feb. 6, 1920.

To the Citizens and School Board of Canaan:

May I ask your thoughtful consideration for the following report of your superintendent of schools?

The intent of the new law is that this district shall have as good schools as those in any other city or town in the state, and the act provides the means for this end through the financial aid granted those towns that comply with the requirements set forth by the State Board, (concerning the conduct of the schools). These, in short, are as follows:

When a tax of \$5 per \$1000 of assessed valuation in any district is insufficient to maintain the elementary schools, and to provide the necessary text-books, fuel, flags and appurtenances, janitors' salaries and conveyance of scholars the law provides that the state shall supply the balance necessary for these expenses.

But in order to be eligible to receive this state aid, the schools must be conducted in suitable houses and under suitable teachers. These requirements have already been brought to the attention of the school board, both by the superintendent and the state board, so that it is not necessary to rehearse them at this time.

This remodelling of buildings is bound to be an expensive matter at best, so that any way that we can reduce the charge and still obtain good results should receive serious attention.

It is for the above reasons that I have recommended that the buildings at the Center, at Pattee, and one on the Dor-

chester road be put into condition to pass the requirements set by the state board. The building at the Center should be remodelled so as to have two rooms and two teachers. Then the schools at Sawyer Hill and the Street should be combined with the Center school, and thereby save one teacher and secure better results in teaching, by better grading. A modification of this plan was attempted last fall by combining the North Canaan school and the Center but owing to the strong opposition of the parents in the north end of the town, the plan had to be abandoned. Possibly with better roads and better means of conveyance this opposition would die out. If this school were included in the above plan for centralization, another teacher's services could be dispensed with—a very important matter in the present great shortage of teachers.

One of the buildings on the Dorchester road should be moved so as to locate a building within reach of these two neighborhoods, and thus do away with the services of another teacher, as well as the present conveyance charges.

At present there are but 20 pupils in both these schools, some of which come from the neighborhood of the Shingle school, and there is no prospect of any immediate increase of numbers in this section of the town. This winter the school at West Farms is closed, because there is no one in that neighborhood who is willing to board the teacher. The last teacher in that school was forced to walk over two miles from her boarding place to school, and so would not remain for the winter term.

If this condition continues, we must face the necessity of providing proper conveyance for these children to the school at Pattee. Furthermore, the age and construction of the school house in this neighborhood (brick) make any plan of remodelling a very expensive prospect, and one of doubtful wisdom. At present, at least, one teacher could easily handle all the pupils of school age that reside in both these neighborhoods. At first it seemed best to remodel the West Farms building in spite of the prospective

heavy cost, but present conditions indicate that conveyance to Pattee would be the wiser course.

There is one other serious problem that confronts us, and that is the matter of an adequate supply of teachers for the coming year. The personnel of our present teaching force is superior to the general run, but in order to retain them in the profession it will be necessary to offer them salaries more nearly equal to those that can be obtained in other walks of life.

The most conservative figures that I can obtain show that a teacher cannot live on much less than \$600 per year. Even this figure does not allow for certain very desirable activities, such as attendance on summer schools and other means of growth. If the above figures are correct, then obviously it is our duty to see to it that our teachers receive this amount as a minimum. Better salaries is one of the surest means by which we can attract desirable girls to the teaching profession. And in spite of the already heavy drains on our resources, I feel sure that the people of America will cheerfully meet the situation and do all in their power to maintain and raise the standards of their schools, which, in the last analysis are the only safe bulwark of democracy.

Our new school law has come at a most trying period, but I believe that it is the beginning of a new era in the state and nation, and that just as New Hampshire in 1780 by her ratification of the Constitution made the Union possible, that it has been reserved for her in the darkest days of the most terrible war in history to conceive and enact into law the most forward-looking plan yet attempted to enlarge and safeguard the liberties that were first promulgated in '76, more fully realized in '61 and proclaimed as the right of all mankind by the unselfish heroism of the martyrs of 1917. I feel that the people of this district to a high degree sense the situation as it is and are willing and eager to do all in their power to bring about this "new birth of freedom" that is possible only to an intelligent, responsible citizenry. The response that my efforts have

evoked has been genuine and helpful, and I wish to thank the committee, citizens and children for the great help and unvarying kindness that they have shown me.

Respectfully submitted,

E. F. CALLAHAN, Superintendent.

Report of the High School Board

The School Board of the Canaan High School District, make this their 27th annual report by submitting the following:

The high school is approved at the present time for three years. The course approved by the State Superintendent to July 1, 1920, is as follows:

FIRST YEAR	SECOND YEAR	THIRD YEAR
Algebra	Geometry	Math. Review, Algebra
English (1)	English (2)	and Geometry
Latin (1)	Latin (2)	English (3)
Ancient History	French (1)	Latin (3)
		French (2)

This third year has been added on the advice and recommendation of the State Superintendent, without extra cost to the district. A fourth year can be added at a small expense if the town district of Canaan and the town of Orange would co-operate with the High school district and send their children here. If this could be done, many children in all the three districts could receive a four years' course in High school. Many of the people, in all three districts, can not afford at the high cost of living, to spend \$400 to \$500 a year to send their children away out of town to school. At a small expense for transportation and a small expense to each district, this matter can be brought about. The School Board of the Canaan High School district recommends this, and solicits the co-operation of Orange and Canaan to carry this recommendation into effect.

The attention of the parents is called to the fact that average attendance counts on the amount received for state aid. Tardiness and non-attendance means the loss of dollars and cents to the district.

The High School agent, Walter M. May, in his Fall inspection, reports as follows: "In looking over the work Reports, of 1918 and 1919, I was pleased to find that the State standards in Latin 1 and 2 and Mathematics 3 were exceeded. The small number of tardinesses permitted in this school is commendable."

HARRY A. BARNEY,	}	Canaan High School Board.
FRANK B. CLARKE.		
VAUGHN L. GORDON,		

OMISSION

A portion of the Town School District Report, including the rolls of perfect attendance, the report of Repair Committee, estimates for 1920 and the statistical summary are omitted from this book because of the failure of the copy to reach us.
